

# Commute Analyzer

BY AUTOMATIC LABS

If you have a daily commute or regular driving patterns, use this tool to see when your trips are most efficient so you can shorten your commute time!

This is an experimental feature, so some functionality is limited.

Have feedback? Tell us in the [Automatic Community](#).

## CHOOSE YOUR ROUTE

### Select Trip Endpoints

These locations are generated using the most frequent trips in your driving history from your Automatic account. In other words, they're our best guess of where your most common trips begin and end.

If you don't always park in the same place, you may see multiple locations near your house or place of work.
